

# INTIMATE EVENTS

Our luxurious property provides a stunning setting for memorable events among natural beauty and well-appointed interiors.

## ANTELOPE TRAILS

Set your event against the Jackson's signature rugged landscape or tucked into one of our thoughtfully curated western interiors. Whether you choose to situate your event alongside a raging river, tucked into an enchanted forest, beneath a magnificent mountain range, or upon a perfectly manicured lawn, the privacy and exclusivity you'll enjoy is a rare and signature amenity.

We can comfortably host 50 guests, either indoors or out, so you can plan with the peace of mind that you'll be covered no matter the weather. Take advantage of all the property has to offer with exclusive access to the entire property for the day of your event. Full scale kitchens and large garages throughout the ranch support catering operations of any size.

While your event is the main event, hosts and guests can take advantage of on-premises activities including fly fishing, horseback riding, wine tasting, and more during their time on the ranch. We invite you to make yourself at home on the property for the full day including meals and activities as well as access to our list of local speakers and performers.
